WITH A DUSTY COUGH, THEY LOOK SKYWARD

Lack of Rain Pinches Farmers

By ROBERT E. HOYER
(Mercury Staff Writer)

If you were a little stalk of corn in North Coventry or New Hanover you most probably would be very thirsty by now.

It hasn't rained since Monday.

Only 1.23 inches of rain have fallen in the month, and that's

corn and tomatoes are crying out. "Give me a little drink, will you, huh?"

Dehydrated devastation is the way dusty agrarians describe what may prove one of the driest Augusts since the Revolutionary War.

Some doubtful men of the soil insist, "It ain't gonna rain no mo."

The ground is packed hard and dry like the plains of Texas and Oklahoma.

Scorched pastures have been nibbled to the roots by grazing Kansas when Edward Mathieu drove his big orange tractor to corn in many meadows and the corn is crying for water to grow both fodder and ears.

Tomatoes, both vines and fruit, have been stunted by the drought.

Early peaches are firm and sweet but not fully developed. It's too dry to plough.

But you can disc if you wear goggles and a respirator. It's that dusty.

It looked like a dust storm in the fields when Edward Mathieu drove his big orange tractor to corn in many meadows and the corn is crying for water to grow both fodder and ears.

Blankets of brown dust hovered over the tractor when he worked fertilizer into a newly ploughed field on the Graterford farm of his brother, Henry W. Mathieu Jr.

He was readying the ground for alfalfa seed. But the planting won't be made until it rains.

Zoning Board Rules Out Restaurant After Chestnut Street Group Protests

There will be no restaurant and luncheonette at 615 Chestnut street. Zoning board of adjustment (Chairman William H. Yohn and George C. Peacock) yesterday ruled against the requested restaurant.

Their decision sustained the protests of neighborhood resi-

dents who cited their objections at a hearing before Yohn and Peacock this past Tuesday night.

Application for the restaurant was made by Nicholas Doukas, 152 High street.

15 Area-Guardsmen At Indian Gap Qualify With M-1 Rifle

When the National Guardsmen of Company A took to the firing line on the rifle range at Indian Gap yesterday, they proved that they still could shoot a pretty good score.

Out of the while company, there were 15 men who qualified with the M-1 rifle. One scored expert, four ranked sharpshooter and ten marksman.

Today at the Gap, the Guardsmen will undergo a full field inspection in preparation for the Governor's review tomorrow.

The whole division will turn out for the parade tomorrow when Gov. John S. Fine and high military officials will be present to watch the men go by.

FRIENDS AND relatives of local guardsmen are welcome to attend the parade which will be held on Mum Field at the Gap, beginning around "one or two o'clock."

Of the 15 members of Pottstown's Company A who qualified in yesterday's firing, Sgt. Alvin Miller, of New Berlinville, picked up a total of 185 points to earn himself the rank of expert.

Those holding down a 160 average for sharpshooter were: Sgt. Robert Gible, 183 Sheridan street; Sgt. William Royce, 358 Chestnut street; Sgt. Clarence W. C. Spring City RD 1, and Sgt. Henry Stevens, 338 King street.

There were ten who polled a 135 score to earn a marksman's rating. They included: Sgt. Stanley Yarmush, 519 Vine street; Stowe Corp. Charles Funk, 631 Walnut street; Corp. David Engle, 260 Washington street; Roversford. Also, Pfc. Richard Moser, 407 Chestnut street; Pfc. Ronald Fisher, Pottstown RD 1; Pvt. Leon Hafer, 451 High street; Pvt. John Rinehart, Pottstown RD 2; Pvt. Jack Seasholtz, Perkiomenville RD 1; Pvt. James Davis, Douglassville RD 2, and Pvt. Ronald Nichols, Pottstown RD 2.

PROGRAMS END AT PLAYGROUNDS

Record 47,088 Attendance Attests to Successful Summer's Fun

Summer fun on Pottstown playgrounds is over for another year. The happy shouts and laughter of playtime will not be quite as lively now.

The organized playground program ended yesterday. From now on, through the winter, school studies will come first.

Attendance figures showed the success of this year's program. Through the summer, the 11 playgrounds showed a total attendance of 47,088 or 8544 over the past year.

REGISTRATION WAS higher this year, too. Mrs. Florence Manthorne, playgrounds director, revealed.

Among those registered, by the way, was a dog belonging to a youngster at the Jefferson playground. Dolores Puhl, the leader, didn't have the heart to turn him away.

There was reason for the shouts and laughter that enlivened the summer on the playgrounds.

For instance, a stunt at one playground required the use of puffed breakfast cereal as "ammunition."

The cereal tasted so good, though, that the stunt had to be canceled.

At another playground (Washington), a young member told leader Venice Eagle, "My mother's occupation is watching TV."

MEMBERS OF THE Brookside playground ended the season by decorating leader Gwen Manthorne's car with colored paper and placards (a token of fond fare).

A new sport "kick-ball" was introduced this summer on Memorial playground.

Two new playgrounds had good attendance, even up to the last week. Washington had 302 and Brookside had 179.

Total attendance this week was 4322, of which 1730 were registered.

In all, 2435 playground members took part in special events during the season.

Doll Day, the hobby show, the hat contest, stunt night and Tournament Day were most popular.

This is not Oklahoma, Texas or Arkansas. This is Pennsylvania, Montgomery county, near Graterford.

But if you are a stranger in the territory, and if you were asked to identify the site of operation disc, you probably would put your thumb somewhere in the great Southwest where agrarians are used to dust.

But this year Pennsylvania farmers are fighting the hard, parched earth. When Edward Mathieu went to the fields yesterday afternoon to disc fertilizer in an alfalfa field on the farm of his brother, Henry W. Mathieu Jr., near Graterford, he stirred great blankets of brown dust.

Alfalfa cannot be planted until it rains.

Replace Dog Catcher, Local Man Charges

A Pottstown man, who will testify against Dog Catcher Willard Wilkin, next Wednesday, the hearing is State Game Protector Richard E. Blair, 78 Warren street, who declined to comment on the hearing, and Marion Stevens, 319 North Evans street.

Other witnesses are expected to be drawn from the lower end of Schwenksville justice of the peace and expect to testify along with eight or nine others.

"I don't need the job. I'd take it. But not as dog catcher. We of SPCA women on the night of need is a humane officer."

"What the story is between the burghess and him (Wilkin) I don't know. I'd think the burghess would want to get off the limb."

With the election coming up and all that awful political powder.

"Understand now this is not political or personal as far as we're concerned. We're only interested in the proper treatment of dogs."

"We have enough to oust the dog catcher and we're going to do it."

BURGESS WILLIAM A. Griffith last night said he would attend the hearing.

He asserted, "As long as he is performing his duties as dog catcher he is a borough employee and I must stand in back of all borough employees."

"In any case in this country a person is innocent until proven guilty."

William Carlin, West Manayunk, representative of the Pennsylvania Women's SPCA, will charge the dog catcher with violation of Section 912 of the State Penal code on information received. Section 912 deals with cruelty to animals.

Specific charges will be cited

Burgess 'Too Busy' To Swear In Meyers

Herbert S. "Pop" Meyers, chairman of Pottstown's Civil Service Commission, still hasn't been sworn into office by Burgess William A. Griffith.

Meyers, who was reappointed to another term by borough council the past July 12, saw his old term expire on July 22.

He has to wait for the burghess to swear him into office officially, but the burghess has been "too busy" to perform the rite, Meyers said.

RUBBER UNION SETS WALKOUT WEDNESDAY

Employees Here to Join In Nation-Wide Strike

CONTRACT TALKS FAIL: ACCORD STILL POSSIBLE

Strike action has been set for next Wednesday by more than 2000 rubber workers at the Firestone Tire and Rubber company plant.

Members of Local 336, United Rubber Workers (CIO), are prepared to join Firestone workers in seven other plants across the Nation in a firm-wide strike unless an 11th hour contract is signed.

Negotiations, which began this past June 22, are continuing in Cleveland, Ohio.

The union has filed a 60-day notice of contract cancellation, effective next Tuesday.

The Rubber Neck, official newspaper of Local 336, printed the following statement in its August issue:

"Due to reluctance on part of management to grant what we consider a fair wage increase, it became necessary to make a request of our members to support your officers approving strike action in a vote held on this past July 28."

"Management has been given 60 days notice on cancellation of the contract. Effective date of the cancellation is Aug. 25 (Tuesday). We hope it does not become necessary to use this action you've given us, but let it be well known if no other means is possible to a fair and just decision, there will be no hesitation on the part of your local union to inform you of the necessity of such action and follow through to the utmost."

"We are not alone in this issue. If strike action becomes necessary it will be taken by all eight Firestone locals throughout the Nation, and action will be taken by all locals at the same time."

"George Bass is our international representative at Cleveland. Negotiations involve locals with plants in Akron, Ohio; Memphis, Tenn.; and St. Louis, Mo."

Identity Hinted Of 'Bulldog Man' REHIRING HOPE DIM; SPICER'S CUTS 100 MORE

Police Chief Daniel W. Guldin said last night that he thinks he might know who the armed man with the "Bulldog face" is.

As the search for the man who has terrorized North Coventry for the past three days continued, Chief Guldin intimated that he might have information as to the identity of the "Bulldog."

He was asked if it could be the same man who deserted from the military police.

"I can't say," the chief said. "MP's were looking for a man named Andrew Vestrand, a tall Philadelphia National Guardsman who left the reservation in a stolen Army pickup truck on Saturday. Police found the truck Saturday night."

Guldin was asked if he thought the man he was hunting for was carrying a gun.

"I can't tell. If I'd seen the man, I might know. But as it is I don't have any way of knowing. Except if Mrs. Lopez' report."

THE CHIEF was asked further terday, he concluded.

New Layoff Brings Total Drop to 400

NO IMMEDIATE RECALL SEEN FOR EMPLOYEES

Receding employment at the huge Spicer Manufacturing division was cut by 100 more workers last night and prospects for employment improvement were called dim.

Announcement of the latest layoff, fifth in 17 days (including nearly 400 workers) was made by Morris R. Gavin, plant manager.

Gavin asserted, "It is doubtful if there will be an immediate increase in employment when orders return. Generally there has been a slack in orders."

"But when orders return a number of parts will be manufactured at the Marion, Ind., plant."

ALTHOUGH the latest layoff was effective last night, third shift employees affected were permitted to complete work this morning.

The first big layoff came on Aug. 6, when 100 were told there was no more work for them. One hundred and six lost their jobs this past Aug. 13, 30 were laid off the following day and this past Tuesday 51 workers on three shifts were handed layoff notices.

Yesterday's announcement dropped employment at the big plant to approximately 1150, just 48 percent of peak employment of 2380 a little more than a year ago.

This past September the Dana corporation announced it was closing the Pottstown plant and transferring most Pottstown orders to the Marion plant.

Dana officials said operating cost were too high for continued production in Pottstown.

Fire Companies' Fund Request Backed By Council Committee's Ralph Weis

Council's fire committee chairman, Ralph L. Weis, will support fire companies requests for additional money from the borough.

He asserted yesterday, "I'm very much in favor of going along and helping them out. Their revenue is steadily falling off."

J. Wayne Knause, finance chairman, the man who controls borough purse strings, said, "They must furnish detailed financial statements before we can consider their requests."

"Any extra money they get must be for equipment and drivers. The taxpayers cannot be responsible for their social activities."

"We agreed to review their requests for additional money later in the year when we made out the budget in the Spring. But I honestly didn't expect the requests this soon."

"Anyway I will demand bona fide financial statements from all the

companies, not the incomplete statements we've had in the past. If they have the statements, then it is my understanding their requests will be referred to council."

Weis explained, "There will be a meeting of fire committee in the next week or ten days. At that meeting the three companies (Philadelphia Steam Fire Engine company, Good Will Fire company, Empire Hook and Ladder Fire company) will have their financial statements."

"If their statements are in order and they can show a need for increased funds as I think they will, I think we should support them."

"After all we do need a fire department."

Weis and Fire Chief Richard E. Lindauer met Thursday night with five representatives of each company to study the problem of depleted finances.

The continuing war on slot machines by Montgomery county authorities has been cited as the chief reason for financial difficulties among fire companies.

2 ON VACATION HURT IN CRASH

Local Doctor, Merchant Escape Serious Harm In Canada

The former chief of the medical staff at Pottstown hospital and a Boyertown restaurateur were recuperating yesterday from a narrow escape in an automobile accident in Canada.

Dr. Claude B. Lerch, 524 High street, and William Scheerer, a Philadelphia avenue, Boyertown, piece chinaware dinner set, an au-had to cut short a vacation-fishing trip this week when their car, a 1952 Buick, wrecked about 100 miles north of Montreal.

Scheerer had X-rays taken yesterday morning at Pottstown hospital and said they showed that he had suffered no injuries.

Dr. Lerch said he wasn't injured either.

The car was badly wrecked and had to be left at the scene of the accident for a wrecker.

THE ACCIDENT occurred Monday afternoon as the two men were approaching their fishing area.

Scheerer said Dr. Lerch, who barrel of gifts is to register at one of the 65 participating stores on blanks provided for that purpose. No purchase is required.

After Sept. 1 the coupons will be collected and placed in one giant mythical hat. From the hat six winning coupons will be plucked.

Registration is limited to adults and excludes participating store employees and members of store executives' families.

While stocks still were at a high level last night, merchants expected them to dwindle daily and advised shoppers to "beat the tax" early.

Six Barrels of Gifts To Be Given Away In Giant Drawing

Six mythical barrels of valuable merchandise, much of it the winners' own choice, await holders of lucky tickets in the Pottstown merchants' giant Beat-The-Tax drawing.

The barrels contain such desirable items as a 50-piece silverware service for eight persons, a 20-piece chinaware dinner set, an au-had to cut short a vacation-fishing trip this week when their car, a 1952 Buick, wrecked about 100 miles north of Montreal.

Mercury Carriers Head for Seashore On 2-Day Trip as Contest Winners

You probably received your copy of The Mercury a little earlier than usual today.

Well, there's a good reason for it. Because this morning at 8:15 o'clock, more than 50 Mercury carriers, routemen and their families will leave Pottstown for a gala two-day weekend at Atlantic City.

It's the annual Mercury holiday for all carriers and route men who picked up at least five new subscriptions during a seven-week campaign.

The campaign, which ran from June 25 to Aug. 14, brought in more than 430 new subscribers.

Moroccans Cry Openly in the Streets As Ben Arafa Is Proclaimed Sultan

RABAT, Morocco, Aug. 21 (AP) — Rabat by special train from Marrakech tomorrow.

Arafa was chosen as the new monarch by the Maghzen (supreme council) of the Cherifien empire, a term which covers Morocco, Spanish Morocco, and the Tangier International zone. This council is composed of the grand vizier (prime minister), the justice minister and the minister in charge of Morocco's Moslem religious foundations.

There was some weeping at the brilliant ceremony in the cream-colored courtyard of the Moorish Imperial palace. An aged pasha cried openly, wiping away tears with a sleeve of his white gown.

(The Arab-Asian bloc in the United Nations unanimously decided to ask the Security Council to intervene in the Moroccan situation. The chairman of the 16-nation group, Farid Zeineddine of Syria, indicated France's removal of the sultan would be described as a threat to peace. The call for a holy war echoed again in Cairo. The 1000-year-old Al Azhar, Islam's highest religious institution, urged Moslems throughout the world to "start a crusade against France.")

Many Moroccans have been seen crying since the French government exiled Ben Youssef yesterday to Corsica and opened the way for the enthronement of Arafat. The Moslems of Morocco have been divided recently in their loyalties to the point of rioting. But the fighting mood was not evident today.

Still under tight French military control, the principal cities were reported orderly.

RABAT, THE CAPITAL, appeared quieter than at any time in the past week. There were no signs of the fighting expected to follow France's dethronement of the sultan.

Berber riflemen who had converged on the capital in a show of force against the sultan and his city followers rode quietly out again to the open spaces. Hardly anyone bothered to look at them.

The big religious feast of Aid El Kebir was celebrated without enthusiasm. In Rabat, the traditional lamb was not sacrificed. In past years, Moslems cut a lamb's throat and rushed it to the sultan at his palace in commemoration of the sacrifice of Abraham.

But today Ben Youssef, 44, their spiritual leader and nominal ruler for a quarter century, was in exile with his two sons at Ajaccio, Corsica, the birthplace of Napoleon.

And his uncle, 64, remained at Marrakech, the seat of Pasha Thami El Mezouari El Glaoui.

It was the pasha, the wealthy leader of four million Berbers, who engineered the coup the past week that challenged the sultan's religious role by designating Arafat "leader of the faithful" of Imam, and then put on pressure for the dethronement.

The new sultan is to arrive in

16 Companies Answer Mammoth False Alarm

POUGHKEEPSIE, N. Y., Aug. 21 (AP) — Late last night Otto Friske got through fixing a new county-wide alarm gadget at the Milan firehouse and called up headquarters here for a test inaudible to his sleeping town.

Headquarters, instead of an inaudible test, pushed the button for the alarms.

In 16 communities throughout Dutchess county 16 sirens screamed in the night. And 16 volunteer fire departments grabbed their collective pants and ran to report in.

"Biggest false alarm Dutchess county ever had," one observer said proudly.

Scouts' Budget Session Ends Up in Hard Dinner

McALESTER, Okla., Aug. 21 (AP) — About 40 Scout leaders met for a dinner and the annual budget session at the Scout camp. The gravy jumped up, the roast beef was hard enough to bend the prong of a fork. The plaster of Paris used by Scouts to take casts of deer tracks in their nature studies had been mistaken for flour.

The Scout leaders finished with a meal of canned tuna and pork and beans.

REDS RETURN 18 US PRISONERS AS LITTER CASES

Remainder of POWs Has to Be Helped From Trucks

PANMUNJOM, Saturday, Aug. 22 (AP) — White faced, bandaged American and Canadian prisoners of war came back to freedom today in the 18th day of operation Big Switch.

They were among the first group of 37 sick and wounded Allied soldiers delivered in two trucks and four Communist ambulances.

Their arrival was a sharp and gripping contrast to the happy, laughing Americans and British prisoners freed during the past few days.

The Reds were sending back in three deliveries today 300 South Koreans, 94 Americans, 23 British, 15 Canadians, 3 Australians, 2 French, 1 Turk and 1 Colombian.

ON MANY DAYS it has been the American and other UN soldiers who have been in good health and the South Koreans who have been pitiful wrecks of men.

Among the ailing in the first shipment were 30 Americans, 18 of them litter cases.

Marine officers reading the roll call of Americans and Canadians drew several blanks.

There would be a pause before the returnee prisoner would fill in "he's in the ambulance, sir."

Former Congressman Harold Knutson Dies

WADENA, Minn., Aug. 21 (AP) — Harold Knutson, 72, Republican, who represented Minnesota's Sixth district in Congress from 1917 to 1949 and served as chairman of the House ways and means committee, died in a hospital here today.

The former representative suffered several heart attacks the past week and had been in serious condition since Saturday.

Sweetest Oil Well Is Drilled in State

BRADFORD, Aug. 21 (AP) — What is probably the sweetest oil well ever drilled is pumping near here. The well contains oil and sugary water.

Under the water flooding method used in this field, water injected into the earth under pressure forces oil to a producing well.

The Minard Run Oil company launched an experiment the past April on its Dent W. special lease ten miles south of here.

Workers dumped into a water injection well 3,000 pounds of sugar, 400 pounds of boric acid, 560 pounds of ammonium chloride and 17 pounds of green dye.

The objective was to have the chemicals act as "tracers," revealing information about the flooding mechanism in the geological formation into which water was to be injected.

The oil well near the water injection well was completed in June. A core, or oil sand sample, taken from the oil well showed the sugar had served its purpose well.

Presence of sugar in the core proved that the sand had been flooded in direct proportion to the permeability of the rocklike oil sand as determined by engineers. Useful information on the behavior of the other tracers also was obtained.

GPO Officer Challenges Statements Reds Had Access to Secrets of Bomb

WASHINGTON, Aug. 21 (AP) — the truth" that atom and hydrogen bomb secrets were available to Communists in the Government Printing office.

Cole told a news conference he feels there has been no leakage of secrets from GPO and no laxity in handling any of the 25 loyalty cases which have come up since 1947.

Cole said GPO knows nothing of any such code.

"Headlines that look like carloads of secrets were going out of this office are a little far fetched," he said.

THE 250 SECRET or top secret printing jobs handled by GPO in one year, Cole said, represent less than a single day's output for a plant handling between 73 and 93 million dollars worth of work a year.

Cole, 46, has been with the GPO 30 years and is under civil service.

He took exception to a headline he quoted as saying, "Top A and H-bomb secrets available to Communists in GPO."

"I would think," he said, "that would be a statement as far from the truth as it is possible to make."

"Such material wouldn't have been available to Communists," he said, and "it wouldn't have been here in the first place."

McCarthy told newsmen eight days ago his Senate Investigations subcommittee has sworn testimony that an individual identified as a Communist had access in the GPO to "top secret material having to do with the A-bomb and H-bomb."

McCarthy has been looking into the extent to which Communists may have been or still are on the GPO payroll. He has described GPO's security as fantastic.

Cole called the news conference because he said GPO certainly hasn't received "proper treatment in the press." But he said this was natural, "considering the nature and circumstances" under which material was given out.

Sugar Heir Charged With Assaulting Divorced Fifth Wife; \$10,000 Bail Set

NEWPORT BEACH, Calif., Aug. 21 (AP) — Sugar heir Adolph Spreckels, 41, was arraigned today on a charge of assaulting actress Kay Williams, his divorced fifth wife, a. m. after he had been summoned by friends. Williams said Miss Williams had been beaten on the head with her own shoe, the heel of which was broken. She was taken back to her apartment.

ACTRESS DOROTHY LAMOUR and her husband, William Howard, were called by friends. They got a doctor and had Miss Williams sent to the hospital. The Howards are longtime friends of Miss Williams.

Miss Williams, 36, divorced Spreckels the past year on grounds of physical abuse. She has custody of the children but Spreckels has them part of the time in the Summer.

There was little else said in court and Spreckels refused to talk to reporters about the case. Schnabel told newsmen that "we deny everything and consider this just a stunt to embarrass him (Spreckels)."

A doctor who examined Miss Williams told a reporter that she is "black and blue all over."

Schnabel said Miss Williams, who was here in an apartment while her children, Joan and Adolph 3d were visiting Spreckels, came to Spreckels' home on Balboa island on a bicycle about 6:30 a. m. yesterday. The lawyer declined to say what happened.

The complaint against Spreckels was signed at 3:15 p. m. yesterday.

MOSSADEGH IS AN 'EVIL MAN,' SHAH DECLARES

BAGHDAD, Iraq, Aug. 21 (AP) — The triumphant Shah of Iran, brimming with imperial anger, declared tonight that Premier Mohammed Mossadeh is an "evil man" and hinted that the aged Nationalist might face the death penalty.

Shah Mohammed Reza Pahlavi, who arrived in Baghdad today on the first leg of his journey back to Iran's faded peacock throne, told an interviewer he was not sure whether Mossadeh as a civil servant would be condemned to death. But a soldier would be shot for such activities, he added.

"The crimes of Mossadeh are the most serious a person can be responsible for," the Shah said, adding that under the Iranian constitution the highest crime is armed resistance to the government.

"The case applies perfectly to my former premier," he continued. "Mossadeh is an evil man who wanted only one thing out of life: Power at all costs. To accomplish this end he was ready to sacrifice the Iranian people and he almost succeeded. Thank God my people finally understood him!"

THE FIRST thing he would do on his arrival back in Tehran—he is due there tomorrow—will be to make sure that "justice will be done" in the cases of all "traitors."

Then he said he would appoint an Iranian government, studying suggestions submitted to him by his new premier, Gen. Fazollah Zahedi. Thereafter, he said, he would meet with the foreign ambassadors to his country, obviously meaning ambassadors of Western Nations.

Mossadeh now is under arrest in Tehran after surrendering yesterday—still clad in pink pajamas—in the face of an ultimatum by Gen. Zahedi to give himself up. Only a few days before Zahedi had been the fugitive in hiding and Mossadeh had forced the Shah to flee with his queen to Italy.

An army coup by pro-shah forces reversed the whole picture Wednesday. Three hundred persons died in that violent upheaval.

Thirsty Customer Gets Aid Too Late

SALT LAKE CITY, Aug. 21 (AP) — A thirsty constituent called upon Rep. William A. Dawson (R-Utah) for aid.

Help came but it was too late yesterday.

Dawson received a telephone call from a man who identified himself as an "FBI—a full-blooded Indian."

The Red man said he was in a tavern and wanted Dawson to tell the owner that a new law passed by Congress permitted the sale of alcohol to Indians.

Dawson said he would check. A telegram to Washington confirmed that President Eisenhower had signed the bill.

The congressman relayed the message to the tavern.

But the thirsty customer had left.

Do You Remember?

Those grand old days when Pottstown and area was in its infancy—Here's another photo that may recapture a few moments of eternity for you, a picture to stir your memory and let you catch a glimpse of the past.

Does this one ring any bells with you? According to the sign on the window it's the establishment of J. H. Erb.

tailor. Right now, it's the site of the F. W. Woolworth company, 241 High street. That little card in the window tells patrons that Erb has moved to the second floor of

222 High street. The billboard at right heralds the undoubtedly long-awaited arrival of the fabulous Florence Gear in the "merry musical comedy—Fluffy Ruffles."

The cards in the window also are pretty hot stuff. Says one, "She's never been kissed." And the other, "I Love My Wife, But..."

HAPPY JOURNEY

Preparing Your Child for School

A series for parents whose child will soon enter kindergarten or first grade.

(This is the 11th of a series on "Happy Journey," designed to help parents sending their children to school for the first time. Others will follow daily.)

SCHOOL IS A PLACE TO PRACTICE GOOD HEALTH HABITS

Good Health, Like Charity, Begins at Home. Young Five or Six, setting off for school, should

- be able to use a drinking fountain correctly.
- use the bathroom regularly, independently in a sanitary manner.
- brush his teeth after eating.
- wash his hands thoroughly, with soap and water after play, before and after eating, after toileting.
- use only his own towel, face cloth, toothbrush.
- take an overall cleansing bath daily.
- cover his nose and mouth with a handkerchief when sneezing or coughing.
- carry a clean handkerchief or tissues to school each day.
- keep his hands away from mouth, ears, nose, and eyes.
- wear clothing suitable for the weather.
- play out of doors when weather permits.
- go to bed at a regular hour

(five and six-year-olds should have 10 to 12 hours' sleep each night).

- eat at least one food from each of the basic seven every day.

The Basic Seven

1. Green and yellow vegetables.
2. Oranges, tomatoes, grapefruit.
3. Potatoes, other vegetables and fruits.
4. Milk and milk products.
5. Meat, poultry, fish, eggs.
6. Bread, or flour, and cereals.
7. Butter or fortified margarine.

The child should come to school well-nourished, and rested every day. Well ahead of the opening day of school set up this kind of routine:

ROUSE HIM EARLY ENOUGH so that he can:
Go to the toilet.
Wash himself.
Dress in clean clothing.
Brush and comb hair.
Eat a warm, well selected, unhurried breakfast.
Brush teeth.
Put on outer clothes suitable to the weather.
Set out early enough to arrive within the 15-minute period before the school day begins.

See Monday's installment.

Governor Approves Plan For Special Fish License

HARRISBURG, Aug. 21 (AP)—Gov. John S. Fine today approved a plan to issue a special \$1 a year license to fish in farm ponds with out game fish regardless of season or limit regulations.

The legislation provides that the farm pond must be less than in two acres in surface area and be wholly within the limit of a farm.

The Fish commission may authorize under the new law that catfish, sunfish or bass be stocked in the ponds.

Only persons who live or work on the particular farm will be allowed to fish in the pond.

Man Fined \$125 After Pleading Guilty To Hit-Run Charge

A Pottstown man was fined \$125 yesterday in Montgomery county court when he pleaded guilty to a hit and run charge before Judge William F. Dannehower.

Fined was William L. Speer, 172 South Washington street. He was arrested on July 16 by Officers John Paretti and Howard Smoyer. Pottstown police, the day after his car struck a car operated by Betty Hataloski, 125 South Maple street.

The accident occurred near the Kenilworth bridge on South Keim street, Charles Trace, 1480 High street, who was behind the Speer car, got the license number and reported it to police.

In another case, Michael Guntick, Linfield pleaded guilty to a hit and run charge and was fined \$100.

He was arrested on June 21 by State Trooper Raymond J. Beninato after sideswiping a car on Route 183 in Limerick township. The second car was operated by Lawrence Costa, 306 Second avenue, Royersford.

ARTHRITIS PAINS GONE!

Wilson F. Weaver, 436 Pear St., Reading, Pa., writes: "I had a very bad case of arthritis in my knees. I could hardly walk or get up and down from a chair. At night I could not rest in bed the pain was so great. After using Crownhill Mineral water I have no more pain or stiffness in my knees and I can walk and go up and down stairs as good as ever."

WITH THIS kind of pressure on him, he said, he drank in Norristown taverns from 9:30 a. m. until shortly before the holdup at 1 p. m. Then, wearing a pair of dark sun glasses, he climbed the flight of

stairs to the loan office. There was only one girl in the office. The rest were out to lunch.

The girl was Doris Jeffries, 71 Norristown.

He brandished his 32 caliber revolver and threatened to kill the girl if she didn't comply with his orders.

He told her to give him all the money in the cash drawers and the safe.

She said she gave him \$338. He then left, crossed Main street, jumped into his car, and fled.

He hid the money and the gun in a bale of hay in a barn near his home.

But County Detectives Robert Baxter and John McKernan showed up at his home at 7 p. m. that night, six hours after the holdup.

Immediately after the arrest, Craig wouldn't talk but the next morning he gave a complete confession.

When he showed police the hiding place for the money and gun, however, only \$343 was found. Since Craig said he didn't spend any of the money, it was decided that the loan company had made a mistake.

AFL SIGNS CONTRACT

PITTSBURGH, Aug. 21 (AP)—Some 3900 employees of the Westinghouse Electric corporation received wage and salary increases today under a contract signed by the company and the AFL International Brotherhood of Electrical Workers.

Craig had been an employee and assistant manager of the loan office up to a year before the holdup.

He said that he had been married five days before the holdup and that his wife's ex-husband had kept bothering him and giving him trouble.

Craig and his wife decided to move to California where he thought he could get a job in an aircraft plant.

He tried to sell his car, on which he owed \$400, to raise the money for transportation to the coast.

But the most he could get on it was \$300, which would have left him only \$100 for carfare.

Trappe was sentenced to from two to ten years in county prison by Judge William F. Dannehower.

The young man could have received a sentence of up to 44 years for the \$343 robbery but Judge Dannehower, in sentencing, said: "The crime was a serious one, but this man committed the act while in financial and domestic distress and under great pressure."

He comes from an excellent family and there's a lot of good left in him."

Asst. District Attorney Bernard DiJoseph had told the court that the "man had committed everything short of murder. I hope the court will treat this case seriously and give the man maximum security."

Craig was arrested the past Aug. 6, a few hours after he held up the Norristown office of the Monroe Loan society, on the second floor of 109 West Main street.

He comes from an excellent family and there's a lot of good left

The world is too much with us; late and soon, getting and spending, we lay waste our powers.—William Wordsworth.

No Bust If Ike Can Help It

THERE will be no recession if the Eisenhower team can help it. Fortune magazine asserted in its August issue.

Recent anti-recession moves by the Administration are seen as proof of its intention to keep Eisenhower's campaign pledge to mobilize "the full power" of industry and of municipal, state and federal government, at signs of "any depression".

In early Summer, as signs mounted that a downward adjustment was beginning, which might extend into 1955, President Eisenhower and his team have acted in several critical areas, to make sure that what is expected to be a mild though protracted readjustment does not turn into a real recession:

- (1) Credit and debt management: restrictive, "hard-money" policies were reversed;
- (2) Farm price supports: downward revision was postponed;
- (3) Public works: plans are being readied for speedy launching of projects, should there be any threat of a major recession;
- (4) Stabilizing the construction industry: various devices are being studied, including fuller utilization of Title I of the National Housing Act, to capitalize on latent demand for home renovation and improvement;
- (5) Maintaining business confidence: the Administration is preparing plans for working with key business, labor, and farm groups, to persuade them to follow sensible long-range policies even during a turbulent short run.

The Administration has demonstrated its ability, when necessary, to "turn on its orthodox heel."

In a period in which the economy itself is reversing its trend, specific policies of a deflationary character may have dangerous over-all consequences. Government cannot suddenly pull out of areas it has supported for twenty years without creating too dangerous a vacuum. And for purely technical reasons, long-range principles may sometimes be unrealizable in the short run.

When declining income frightened the farmers into a cutback of spending, the Agriculture department not only postponed efforts to revise support legislation, and invoked wheat acreage allotments; it also awarded contracts for construction of 15,870 emergency storage bins, despite earlier hints that the government planned to get out of the grain storage business.

On the public-works front: "The Administration is determined to shorten very substantially the 18-month period that was required in the 1930's to get the first 100,000 men at work. The speed with which a program is launched is as important as the size of the program.

"Some \$6.4 billion of federal, state, and local projects are already in what could be called an advanced stage of planning.

Dr. Burns, who has been given full administrative powers over the Council of Economic Advisers, "is preparing to cope with an economic decline of any magnitude from any source." Fortune says.

"He sees no single magic point to attack and no special time to intervene; his strategy is to try to be ready for anything."

Among devices for stimulating the construction industry, Dr. Burns is studying loan guarantees and insurance, as well as tax revision.

"In the last analysis, of course, business cannot escape its responsibility in any crisis," Fortune continued. "If businessmen go into a panic at the first sign of a decline, it's doubtful whether even all-out government intervention can help.

"But it would be naive to expect businesses not to retrench if trouble looms, even though they know there are very strong grounds for confidence in the long term outlook. Recognizing this, the Administration is preparing plans for working with key business, labor, and agricultural groups in an effort to persuade them to maintain a sensible long-range view, even during a turbulent short run.

"These efforts might be directed, for example, toward convincing key firms not to cancel capital-spending plans that they would be forced to reinstate a year or so later.

"Avoiding a recession is clearly a top-priority Administration goal. The label of 'hard-times party' will not be pinned on the Republicans again if Dwight Eisenhower's team can help it."

Dear Sir: In Brother:

Wal, I see by the papers where the "Washington slide" is a new dance step designed to depict President Eisenhower's golf game. Presumably, it's for people in the high eighties who wish they were in the seventies.

A golf dance sounds rough. Imagine spiking the shoes instead of the punch!

And say: One difference between this dance and golf is, you don't tell all your friends about what you did wrong! Hopin' you air the same.

Urges 'Bulldog Man' Be Caught

The name and complete address of the author must accompany every contribution but on request will not be published. Letters not exceeding 250 words will receive preference.

Fears Bulldog
To the Editor: Why isn't something done in North Coventry about that man with a "bulldog" face?

I've been keeping all my doors and windows locked since I heard he was on the loose.

We can't let some maniac run loose, especially in North Coventry where he could find so many places to hide in the woods.

North Coventry FRIGHTENED

Watch Out!

To the Editor: That guy with the bulldog face better not come around my house. I've got a real bulldog that'll scare the dog right out of him!

Pottstown READER

Hunt in Woods

To the Editor: I wonder if the police have thought of looking in the woods in Chester and nearby Berks counties for this man who's going around scaring people.

If you've ever taken a ride along those dirt roads in that section of the country, you'd realize how deep in the backwoods you can get.

Could be he's hiding out in some shack there.

WASHINGTON Political Need Pushes Nehru's Bid in Korea

By RAY TUCKER

WASHINGTON, Aug. 21.—Prime Minister Jawaharlal Nehru's desperate need for political rehabilitation at home accounts for his insistence on playing a major role in negotiations for settlement of Korean and possibly other Far Eastern problems now in dispute between the United States and Russia.

Granting that the Indian mystic has a reputation as an international idealist and a devotee of neutralism, he is also moved by considerations that would do credit to a Tammany politician. In Manhattan or New Delhi, politics is the same.

With the support of 10 Downing street, India was named chairman of the Neutral Nations Reparations commission for screening North and South Korean prisoners, and as custodian of the troops who refuse to return to their homelands.

But now Nehru insists on participating in the political conference which may consider the whole Pandora's box of troubles in the Far East—Communist China, Formosa, Indo-China, etc.

WASHINGTON OPPOSITION ADAMANT: On this point Washington so far has been adamant in opposition for the reason that India, unduly friendly toward Moscow and Peking, has contributed only a small ambulance unit to the United Nations forces in Korea. India set it out on the fence.

Henry Cabot Lodge, U.S. delegate to the UN, has rejected this Anglo-Indian demand. It is the first open indication that the Eisenhower Administration is growing a bit weary and cynical over Nehru's straddling on the East West issue. Underlying the Lodge Eisenhower attitude is the unspoken recognition that Nehru is simply using the Korean crisis to rebuild political fences at home. It is, perhaps, the first evidence that Ghandi's politico-religious disciple is slipping.

Nehru's Congress party is in danger. It came to power largely because of its demand for independence from the British Crown, which it achieved on Aug. 15, 1947. But Nehru has been unable to formulate or execute a constructive program for improvement of the lot of India's hungry and diseased population.

He needs international acclaim and prestige, such as the Korean theater might give him, to make his 587,000,000 constituents content with their wretchedness. They sicken from his promises of pie in the sky on some far-off dawn.

RECENT ELECTIONS reveal defections from Nehru's party. Although he has 589 of 489 delegates to Parliament, conditions have deteriorated since they were elected almost two years ago. Moreover, although the opposition was split into 18 minority factions, the Congress party won only 44 percent of the total vote.

It is not even certain which political group Nehru would espouse. With his organization breaking up, there remain three clamorous elements. They are the Hindus, who would transform India into a closed religious corporation; the Socialists, who are sympathetic to Nehru's unfulfilled reforms; and the Communists, who show remarkable restraint in their political penetration.

In the meantime, at the halfway point in Nehru's first five year industrialization program, economic conditions are not good. Foreign trade showed a decline in the first months of 1953, due to smaller exports of India's principal products—jute, skins and hides, tea, shellac and tobacco.

Hospital in Right

To the Editor: I read the letter from the Pottstown hospital to the United Fund that you reprinted in The Mercury. I think the Pottstown hospital board of trustees is perfectly in the right. That is, they ought to get \$22,500 as they did in the past year.

One of the most important institutions in the community is that of a hospital.

Health comes first, because without a healthy population, we can't have a healthy community to think and act and live according to our democratic way of life.

Science Needed

To the Editor: Isn't it amazing how readily people accept Christian dogma, suspending all critical, scientific analysis?

One of your readers declares dogmatically that octopuses, dogs and even cold germs have souls.

Yet the same all-out believer would not take your word for it, without checking his watch twice, if you told him the time of day.

Before getting riled up over whether lower animals have souls, isn't it ap-

propriate to first ascertain whether we ourselves have any?

Scientifically, that is. Not through Christian dogma, the gross fallacies of which are obvious to any discerning mind.

Pottstown AGNOSTIC

Facts and Figures

To the Editor: By adding a birth every 8 seconds, subtracting a death every 21 seconds, and adding a new foreign immigrant entering the country every two minutes, the census bureau has figured that last Monday at two minutes past 11 o'clock in the morning, the population of the United States had reached 150,000,000 people.

If they are as near correct as the weather bureau, that figure still is a lot of mouths to be fed.

Next year there will be a new immigrant every minute. By 1950, there probably will be a law changing the name of the United States to Mix-all-together or Goreinopolis, particularly if the usual sprinkling of Communists are among the newcomers.

We like those foreigners who already are here and have become good citizens, but for their welfare and our own, we have enough for awhile.

The Voice of Broadway

By DOROTHY KILGALLEN

Miss Midnight's Notebook:

Who said Summer was for lovers? You wouldn't think so to observe the desultory attitudes of couples wandering along Riverside drive, or along the walks of Central park. I'm inclined to think November is a better season for I've got my love-to-keep-me-warm.

Mechanical objects and I are a warring combination, with the gadgets the easy winner on all occasions. I've never owned a can opener. I could open a can with my phonograph has spells when it throws all the records back at me, and my clock radio turns itself on at odd hours of the afternoon but wakes me up in the morning only when it's in the mood.

Furthermore, I'd die of thirst rather than pry an ice cube out of a tray.

I THINK what this city needs is more referendums. Our population is a little large for town meetings, but what's the matter with letting the citizens express their opinions on vital and interesting matters in the voting booths? Inquiring photographers and letters to the editor are popular features in the daily newspapers, and I think their poll-

ing place everywhere would be a smash hit in the Fall.

The politicians are always saying they want to know what the people are thinking. Why don't they just find out—and let everybody else find out, too—by having a referendum on legalized off-track betting, and maybe one on a city lottery?

Here's a thought, Dagmar, after actually busting a neckline during a performance, didn't even blush—just threw the paralyzed audience a fast ad lib and got everything back in place for the rest of the scene.

MANHATTAN has acquired some brand new characters. A new musician who recently joined the Lindy's storefront set has the regulars howling. She's a concertina player, about 75 or 80, with a Rebel cap tilted jauntily over her eyes. She squeezes out only Deep South tunes and dismisses all other requests as "dumyankee music."

Then there's a panhandler in the East 50's with a different approach. He's nattily dressed, and his pitch is "Lost my fare to Atlantic beach and have to make the 8-10." Does well with downagers.

And don't overlook "The Barefoot Trumpeter" of 51st street, who blows reveille on his bugle every morning at seven from the 6th floor fire escape of the Washington-Jefferson apartments. His garb: pajamas, with bare feet sticking out. Neighbors have been greeting the serenade with buckets of water, but that doesn't stop him.

CLIFTON WEBB, Dorothy McGuire, Maggie McNamara and others finished shooting "We Believe in Love" in Rome yesterday, and are coming home immediately. But Jean Peters and director Jean Negulesco go to northern Italy, to film some farm scenes. . . .

URSULA THIESS and Howard Hughes stepped out together at Las Vegas. . . . Up in Vegas, where both are performing, Peggy Lee told Jose Greco, the great Spanish dancer, "You're wonderful! But I'd hate to have the apartment under yours!" . . . Where do some people get the weird idea that the "lowest weekly pay" for an act at that resort is \$18,000? We know pullenly of "acts" and single performers who have to struggle along on as little as four or five thousand a week—the poor darlings! . . .

IRVING BERLIN, heading East to write a new show, "Say It With Music" made a point of declaring this "cavalcade" would not be biographical and "no such story would be made during his lifetime." BUT—if "Alexanders Ragtime Band," made several years ago, wasn't eighty percent Irving's "life story," we'll make a meal of the old celluloid!

DISLIKE IRONING—At a meeting of Community Grange, New Hanover, the women declared they disliked ironing more than any other household chore. The men said they disliked washing the dishes the most. Herbert B. Wagner in an address said farmers should have Saturday afternoons off and there was no objection on the part of the men present.

SILVER WEDDING—Mr. and Mrs. Elijah Kochei of Cedarville, celebrated their 25th wedding anniversary with a reception. The refreshment tables were spread on the spacious lawn.

PRaises CURFEW—Burgess Lewis P. Sweeney praises the curfew in force here and says Erie City Solicitor Murphy is wrong in claiming the curfew law is being illegally enforced by municipalities. He says it will not be declared illegal by the county courts for it is for the good of the youth of the communities.

CHILD STAR—Georgeann Jacobs, 6, daughter of George Jacobs, this borough appeared at the Pottstown band's concert in the High school auditorium. Manager O. C. Beacraft says there were numerous requests for her appearance on the program.

INSPECTOR—Frank Prior was named by borough council as fire plug inspector and repairman. Heretofore the inspections were made by the police chief and water company superintendent.

YES, LAVERNE is quite right. Very few people are physically perfect. Some of us need eye glasses or hearing aids or arch supports or false teeth, etc.

A generation ago, eye glasses were shunned by young people because they thought such things lowered their social acceptance and reduced their appeal as "date bait."

But the same people who shunned eye glasses, had silver fillings in their teeth or gold crowns thereon, to make up for earlier defects in the mouth.

But they apparently didn't fret about their dental aids because the teeth didn't show!

Now we are in a new generation where eye glasses are fashionable. But hearing aids are not quite as familiar, so they are being regarded much as eye glasses were about 1920.

So be sensible and get up to date. Hearing aids are a marvelous benefit to mankind.

New Bally School Nearing Completion

More than 160 pupils of the parish of the Church of the Most Blessed Sacrament, Bally, will attend classes in the new building, nearing completion at Seventh and Pine streets, Bally, close to the old school house, church and rectory.

The school will have a brand new setting when the term opens on Wednesday, Sept. 8. It is the oldest Catholic parochial school in Pennsylvania.

Ground for the new building was broken the past March. The building, which will cost \$175,000, contains eight classrooms and an auditorium. The parish is the third oldest in the State, founded in 1711.

The school, in charge of the Sisters of St. Francis, was started in 1743. The structure replaces a building erected in 1890. The rector of the church is Father Charles Altwain.

Law Offices Made Interesting

SUSAN KEENE

PATRICIA KINZER

The man who said, "Never go to law if you can help it," would probably change his attitude after visiting a Pottstown law office. The Mercury photographer went to law to get these pictures and came back smiling—probably influenced by the smiles of these office girls.

"As a law-abiding citizen I only wish I could have abided there a while longer," he lamented.

All these statements from our dashing picture snatcher gave the impression that the clutches of the law hold no terrors for him any longer. The two offices where he picked up his new interest in legality were that of Rutter, O'Donnell and Manger and that of Binder and Binder.

The addresses of the RD and M girls are: Miss Keene, 215 Beech street; Miss Kinzer, 39 East Second street; Mrs. Guest, Pottstown RD 2; and Mrs. Ludy, 126 Beech street. The B and B beauties: Mrs. Bechtel, 729 Walnut street, Royersford; and Miss Schwarz, Schwenksville RD 1.

Police Issue Warnings To Have Bikes Inspected

Chief of Police Henry E. Groff yesterday issued the final reminder to all bicycle owners who have not yet had their bicycles inspected to do so immediately or be subject to being fined or having the bicycle impounded.

Groff stated there were still several owners who have not yet complied with the recent inspection but added that these owners could prevent prosecution by bringing their bicycles to town hall, South Reading avenue, Boyertown, for inspection. Grant M. Groff and William M. Hoffman, patrolmen, assist Groff in the inspections.

According to Groff, the ordinance also pertains to operators of bicycles coming into the borough.

Jesus Christ Taught His Disciples How to Pray

His Sermon on the Mount Points Up Need for Spiritual Aid in World Today

The Golden Text

"After this manner therefore pray ye: Our Father which art in heaven, Hallowed be Thy name. Thy kingdom come. Thy will be done in earth as it is in heaven."—Matthew 6:9-10.

By NEWMAN CAMPBELL

DO PEOPLE generally pray less than they did? That might be a subject for argument. In our troubled, warring world, do not many people turn to God for strength, and comfort to bear their griefs and bravely face their problems?

Fighter pilots and bomber crews pray, I am sure, when they go into battle, not knowing whether they will return safely or be shot down. Sailors in storms at sea, soldiers going into battle, the wounded on the battlefield, all turn their thoughts to God and pray for His help.

Possibly some of us at home do not pray as often as we should, or give little thought to our prayers, repeating the words without really thinking what they mean.

However, millions who have lost loved ones—wives whose husbands have been taken, husbands who have lost their wives, mothers and fathers whose children have died whether in battle, by accident or disease, turn to their Father in heaven for help and comfort.

In the Sermon on the Mount Jesus told His disciples how to pray, "not as the heathen do; for they think they shall be heard for their much speaking."

"Be not ye therefore like unto them; for your Father knoweth what things ye have need of before ye ask Him."

"After this manner therefore pray ye: Our Father which art in heaven, Hallowed be Thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven."

What can each one of us do, we may ask ourselves and our children, to make this prayer come true? Not much? We can obey moral laws, love one another, be kind to everyone and considerate of their comfort.

We also can be helpful to those in sorrow; rejoice with them that rejoice and weep with them that weep," as Paul said. This may not seem much, but it does help.

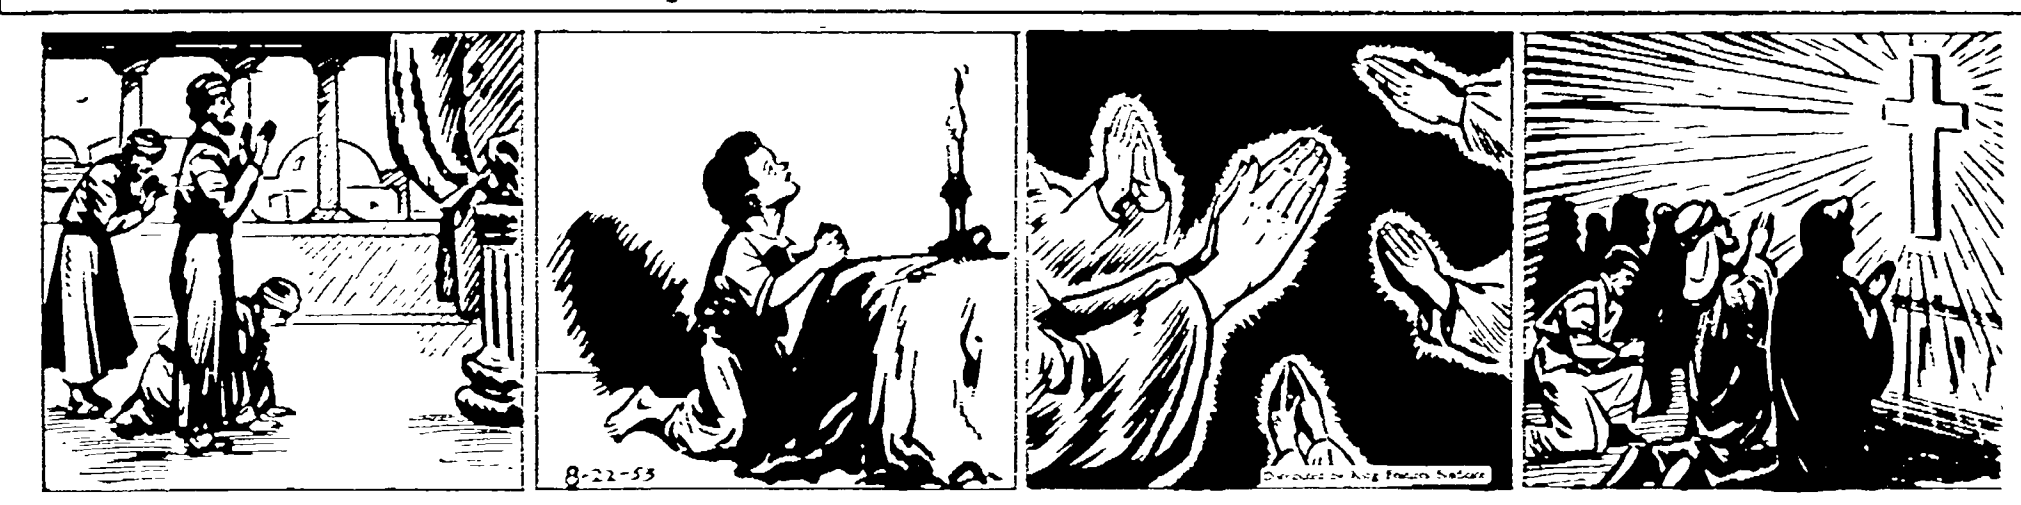

"Forgive us our debts, as we forgive our debtors." Many professing Christians fail in this. Haven't you known members of a church who were not on speaking terms with other members? How many husbands and wives are not speaking to each other because of some probably silly dispute?

Children get "mad" at each other, but adults may well take a lesson from their little children who forget their disagreements in a moment.

The Christian's Prayer Life ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

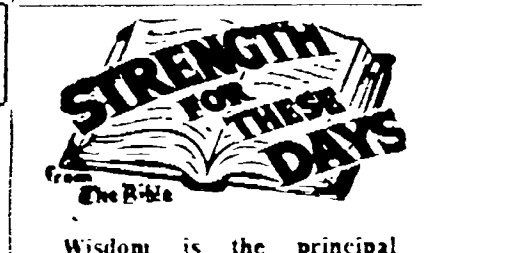

Jesus said, "When ye pray, use not vain repetitions, as the heathen do, for they think that they shall be heard for their much speaking."

Jesus' prayer: "Our Father which art in heaven. Hallowed be Thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven."

To Timothy Paul wrote asking that supplications, prayers, intercessions and giving of thanks be made for all men; for kings, and all that are in authority."

"I will therefore that men pray everywhere, lifting up holy hands, without wrath and doubting," St. Paul wrote.

Wisdom is the principal thing; therefore get wisdom: and with all thy getting, get understanding. — (Proverbs 4, 7.)

It is not essential that one go to college to get wisdom—he may get it from reading the Word of God deeply and reverently and obediently. Then a fuller, better life will come to him, and understanding—the understanding of himself and of his neighbors which makes for humility, and charity.

Two Missionaries to Africa to Speak at Area Services

Dr. Kulp, Rev. Smethers Will Talk On Their Work at Morning Worship

Two missionaries to Africa—one one-year furlough in this country, a veteran, the other a beginner—will be speaking at the same time in different local churches tomorrow.

The veteran is the Rev. Dr. H. Stover Kulp, missionary to Nigeria, Central Africa, since 1924.

The beginner is the Rev. Herbert R. Smethers, missionary under appointment to Kenya, East Africa.

Dr. Kulp will speak at the Coventry Church of the Brethren, Kenilworth, while the Rev. Smethers will preach at Trinity Evangelical Congregational.

Both will speak at 10:30 a. m. morning worship in the respective churches.

THE BRETHREN missionary is sponsored in Africa by the mission board of the Brethren Church, but supported financially in his work by the Coventry church.

He spoke last in the local church in 1949, on the occasion of its 25th anniversary.

The Rev. Smethers is former pastor of Birdsboro Evangelical Congregational church, where he still holds membership. He also has served as pastor of two other churches.

He is married to the former Betty Irick, a native of Pottstown and a registered nurse.

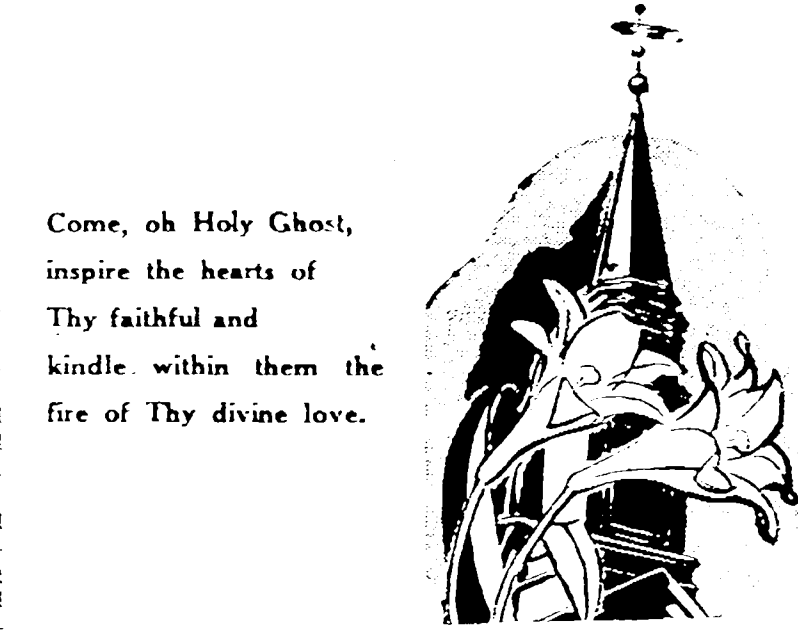

Mrs. Smethers is a twin sister of Mrs. Carroll Ness, wife of another missionary now on furlough from Africa.

The two couples will sail together when they leave this country soon for Africa.

Dr. Kulp, who is a native of East Coventry township, is on a nine service.

STAY TOGETHER, Churches Must Seek Locations of Greatest Need, Expert Warns

World Church Council Addresses Mark Anniversary

NEW YORK, Aug. 21.—Church leaders of many lands believe world Christianity is tightening its ranks.

Among diverse segments of the faith, they say, there is a rising tide of solidarity.

The churches are finding, says the Rev. Eivind Berggrav, bishop of Oslo, Norway, that "stay-together is essential, even if we can't unite and become one institution."

Occasion for the messages is the fifth anniversary of the World Council of Churches, founded Aug. 23, 1948—five years ago this Sunday.

Since then, said the Rev. Akira Ebisawa, general secretary of Japan's National Christian council, "the ecumenical co-operative movement has moved to the fore in the Christian community."

"There has been a new consciousness of the world mission of the churches."

THROUGH the council, an estimated 175 million Christians in 161 denominations in 48 nations have forged a program of joint endeavor. It includes Anglican, Protestant and Orthodox churches.

"We are in the early stages of another of the great reformations in the life of the church," said Robert S. Bilheimer, secretary for the Council's program in North America.

"This is one which takes men back to the biblical principles of the Church—its unity and its world mission."

The very Rev. J. Hutchinson Cockburn, of the Church of Scotland, said in a message from Edinburgh:

"Slowly and tentatively, the churches have come to see what has been often lost sight of in quarrels and competition with one another—that God in Jesus Christ created the church 'one'."

Step by step, during its first five years, the World Council has expanded its program, exploring denominational misunderstandings, guiding mission efforts, supplying relief funds, registering publicly its convictions.

Hertzstein's Chapel Will Open Tomorrow

Hertzstein's chapel, near Neiffer, will reopen tomorrow. A sacred song service at 2 p. m. will herald the opening of the building for worship again.

It has been closed for several years, following the death of the former pastor, the Rev. William J. Hauck.

The venerable stone chapel has been newly painted after repairs to the windows, walls and roof.

Carl L. Kaufman, of Perkiomenville, one of those who helped in the restoration of the chapel, has invited the public to attend the opening service.

COUNTRY-WIDE BIBLE WEEK DRIVE OPENS

All-Faiths Observance To Promote Daily Bible Reading

NEW YORK, Aug. 21.—Dr. Alfred P. Haake, chairman of the Laymen's National Committee, announced the 13th annual observance of National Bible Week began yesterday and will continue through Oct. 25.

This all-faiths drive, an annual event, was begun in 1941, and has continued each year, supported by men and women whose belief is that a daily reading of the Bible will strengthen national as well as individual living in America.

Named by Dr. Haake and the committee for this year's campaign is Herman W. Steinkraus, president of Bridgeport Brass company, Bridgeport, Conn. Steinkraus, long prominent in business and civic affairs, issued a statement to the committee as follows:

"In these days of stress we turn once again to the observance of National Bible Week. For this all-too-brief period the thoughts of 160 million Americans are directed once again to the greatest book of all time.

"When a current book becomes a book of the month or of the year, we feel it is important, and it should be read. But here is a book—not of a month, or a year, or a decade—but a book of the ages.

"The subject of this great book is life itself. In it you will find clearly stated the principles of right living, without which no man can be truly happy or successful. Through the centuries, its wise guidance has helped the greatest minds, as well as the humblest.

"Personally, for many years I have tried to make it a habit to read some part of the Bible every day, and I have found it an unfailing guide in solving the problems of everyday living.

"Today we hear much about the need for military strength. Far greater, I believe, is the need for spiritual strength. Let us observe National Bible Week this year with special thanks for the recent Korean truce, and a prayer for guidance toward finding the way to lasting peace, and the conquering of that greatest enemy of all—man's inhumanity to man."

PSALM 139:23 - "Search me, O God, and know my heart."

A habit is a tendency to act in a certain way. Habits of thinking and feeling are called attitudes.

The student's attitude toward his studies determines, very largely, his attainment. The workman's attitude toward his job decides, to a large degree, his success. The homemaker's attitude toward her task makes the difference between its being drudgery or joyful service. Just so, an individual's attitude toward God determines his spiritual growth.

As we earnestly and continually pray God to search us and know our hearts, we will perforce be led to search ourselves. In so doing, we are almost certain to see the error and futility of negative attitudes. The clouds of war and social unrest cast their pall everywhere. There is a danger that, as we take a dim view of many things, we will soon take a dim view of everything.

While we face our perplexities, we must look beyond them to the fact of God's sovereignty. We shall be doing His will if we cultivate the attitude that this is "our Father's world" and that we do "better to light a candle than to curse the darkness."

Youth Leaders to View New Set of Filmstrips

NEW YORK, Aug. 21.—Members of church youth groups throughout the US soon will be watching a new series of filmstrips designed to supplement the teachings of youth leaders and to lead continuity to groups with a rapidly-changing series of leaders. Points dealt with in the series include Christian faith, Christian citizenship and Christian world outreach.

Financed co-operatively by 12 Protestant denominations, the seven new filmstrips first will be shown this Autumn at 40 youth work institutes in the US, to be attended by youth leadership from community and state levels.

DON'T TURN OFF THAT ALARM!

It's time to be up and doing! It's time to return to religion!

That's what conscientious leaders are crying. Civic, educational, spiritual, political, even military men are urging a return to religion . . . Why?

Because the principles found in the Bible are those upon which our western civilization is based.

Because the teachings of the Bible are the foundation of our own government—that each human has equal rights to life, liberty, and the pursuit of happiness.

Because the commandments to love both God and man—to do for others as we would have them do for us—these are the laws of living as we have known it.

But greed for wealth, lust for power, jealousy, disregard for human life—such are the evils that weaken the pillars of our existence.

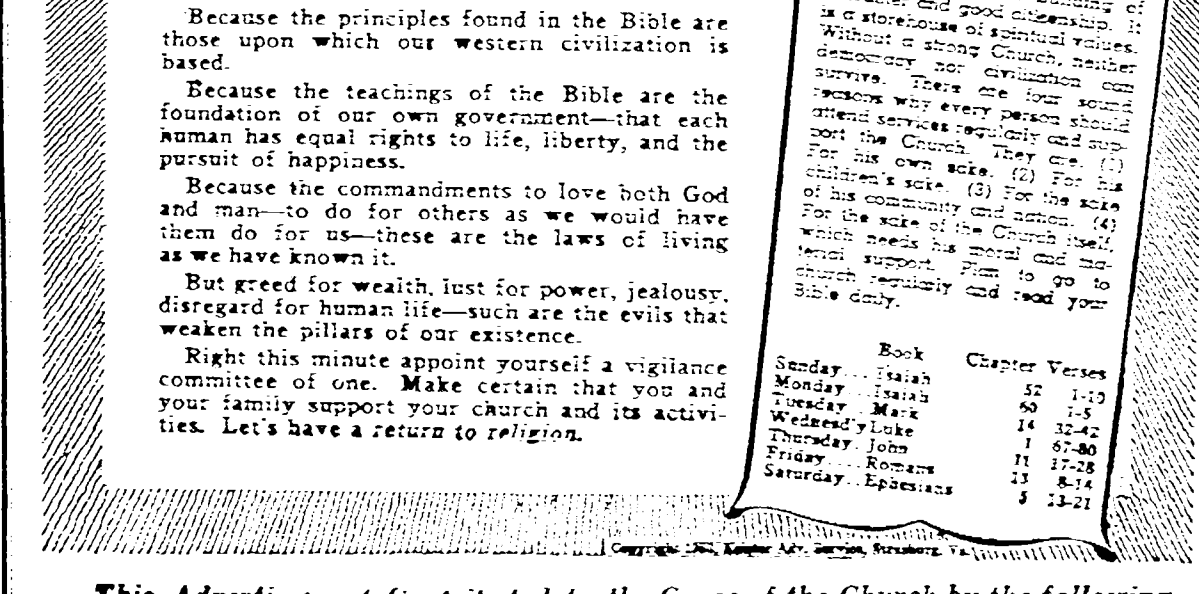

Right this minute appoint yourself a vigilance committee of one. Make certain that you and your family support your church and its activities. Let's have a return to religion.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor in our search for the building of a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sass-Beck-O 4-H's Hear Cooking Hints at Meeting

Marlene Schoenly, Sass-Beck-O 4-H club, acted as hostess recently to the Sass-Beck-O 4-H club. Games were played and the girls of "Show and Tell" this week. She made barbecued hamburgers and showed the club members how to decorate bottles and paint figures and plaques.

Della Short, county supervisor of the home economics extension service, demonstrated to the group how to

make better-tasting ice tea by adding a little mint.

Marlene Schoenly had charge of "Show and Tell" this week. She made barbecued hamburgers and showed the club members how to decorate bottles and paint figures and plaques.

A collection was taken for the 4-H club center in Washington, D. C. All those who were unable

to give at this meeting were reminded that they may do so at the next week's meeting.

Members of the club voted to exhibit their works at the County Round-up as a group. The affair will be staged August 29 at Hallman's Grove, Skip Pack.

Girls were reminded to be ready for the affair and "to try their best to bring back first prize winnings."

Next week's meeting will be held August 26, 8 p. m. Hostess for the evening will be Charlotte Swann, Perkiomenville RD.

This meeting will be the final one of the year and members

of the family and friends are invited to attend.

Cider, peanuts and home made doughnuts will be served.

Mrs. W. Knepp will make the doughnuts at her home Aug. 26 at 9 a. m. If any of the club members wish to go to her home to see how they are made, they may

do so, it was announced.

Two of the girls were unable to attend the meeting because they were on vacation.

Carol Wengert is vacationing in Maine, while Charlotte Swann is spending a few days in Philadelphia.

Girls attending the meeting were Ruth Neuman, Patricia Haldeman, Joan Erb, Annie Kathryn Bauman, Joan Standhart, Maryetta Latshaw.

Emily Latshaw, Phyllis Detwiler, Barbara Detwiler, Miriam Latshaw, Marlene Schoenly, Della Short and Mrs. W. Knepp.

WHAT WOMEN ARE DOING

NEWLY MARRIED Mr. and Mrs. Albert Molitz Jr. smile for the camera after their recent exchange of nuptial vows. Before her marriage, Mrs. Molitz was Helen Schaeffer. The newlyweds are making their home at Pottstown RD 4. For her wedding, the bride wore traditional white lace. Her gathered skirt of lace over satin was waist-length. Her bodice featured an illusion neckline and long, pointed sleeves of lace. A wide band of lace even edged her illusion net veil. She carried a corsage of orchids and white roses.

Pleasant Run Woman's Club Plans to Attend a Show In October at Meeting Held in Stella Drost's Home

Members of the Pleasant Run Woman's club gathered in the home of Stella Drost, Frederick, to hold their regular monthly meeting.

Luncheon was served by the hostess.

After the meal, the meeting was opened with the reading of the scripture by the president, Helen Smiley.

Several of the women pledged donations to the bed robe fund.

Verna Schueck will use the money to purchase more wool in order to finish the bed robe she is making for the Coatesville Veterans hospital.

Plans were made to purchase tickets for a television show that women will attend in October.

All the members present received gifts from the "fish pond."

Mary Gates won the door prize, while the "pig-in-a-poke" prize was won by the hostess, Stella Drost.

Next month the meeting will be held on September 17. Hostess for the occasion will be Helen Schultz.

Those who attended the meeting were: Helen Schultz, Marie Swann, Katie Miller, Florence Greiss, Dorothy Renninger, Sara Swann, Verna Schueck, Lottie Swann.

Ella Kulp, Polly Nunan, Elsie Renninger, Helen Smiley, Mabel Kulp, Alice Boldhofer and Ethel Evans.

Three visitors to the group were Mary Gates, Martha Bossert and Mrs. W. Parastino.

43 HIGH STREET is the address at which newly-married Mr. and Mrs. Herbert Richard Donofrio, above, are at home to friends, now that they are home from their Wildwood, N.J. honeymoon. The bride is the former Marjorie Lois Tyson. She is the daughter of Mr. and Mrs. Earl R. Tyson, Boyertown. Mr. and Mrs. Joseph Donofrio are the parents of the groom. The pair was married in Trinity Evangelical church, Boyertown. The Rev.

H. I. Carmichael officiated. Later, a reception was held on the lawn of the bride's parent's home in Boyertown. For the wedding trip that followed, the bride changed from her white lace and net wedding gown to a lieutenant blue suit.

WSCS Meeting Features Devotions Based on 'Making Friends' Led by Mrs. Dahms

Marcia Beltrondo, Nantmeal Village, acted as hostess to the WSCS of Nantmeal Methodist church, when they held their regular monthly meeting.

Seventeen members gathered to hear Mrs. James Murray and Mrs. B. C. Dahms lead the devotional period. The theme for the month was "Making Friends."

The Rev. B. C. Dahms led the group in prayer.

Opening the business meeting was the president, Mrs. Harry Reed. She called Mrs. Claire McAfee, treasurer of the group for a report.

It was also stated that an order was given for a new supply of dish cloths.

Members of the visiting committee traveled to eleven persons who were ill and shut in.

In charge of the card committee is Mrs. Clair McAfee. She reported on the number of birthday, sympathy and get well cards that had been sent out during the month.

President, Mrs. Harry Reed talked on the progress being made on repairing the walls and roof of the church.

Committees were named and plans were drawn to stage a bake sale and refreshment stand at the public auction sale to be held on the premises of Mrs. Albert Caley, Saturday, August 29.

During the September 17 meeting, the feature will be a flower and plant sale.

For the month of September the following persons were appointed for visiting committee: Debbie Loomis, Mae Suoman, Dorothy Mourar, Ann McAfee, Ethel Eachus, Mary McAfee and Mrs. B. C. Dahms.

The pastoral committee announced that Meral Cox, former Salvation Army captain of Pottstown, would be the guest speaker in the Nantmeal Methodist church, Sunday, August 30, 10:45 a. m.

The Rev. and Mrs. B. C. Dahms are taking a two weeks vacation.

Martina Reed and her co-workers Lizzie Whitman, Marcia Beltrondo and Mrs. Harry Reed served ice cream, cookies, pretzels, candy, coffee and fruit punch.

Nazarene Members Will Attend Services In Trinity Church

Morning and evening church services of Royersford Church of the Nazarene will be conducted in Trinity Evangelical Congregational church tomorrow.

The Rev. R. E. Zollinhofer, pastor of the Nazarene church, announced the joint services in the Evangelical church because of failure to complete on scheduled time the redecorating and re-furnishing of the auditorium of the Nazarene church, which has been undergoing extensive renovations, with an addition to the auditorium.

The morning church service will be held at 10:30 o'clock in the Evangelical church. The Rev. Clarence C. Reeder, Evangelical pastor, will preach the morning sermon.

The service tomorrow night will be conducted at 7:30 o'clock in the Evangelical church. The Rev. Zollinhofer will deliver the evening sermon and the Nazarene choir will sing a special number.

Sunday school in the Nazarene Sunday school room will be conducted at 9:45 o'clock, dismissing at 10:20 o'clock, to attend church in the Evangelical church.

Committee Complete Plans for Conference

Plans for Labor Day weekend camp were completed at a meeting at the home of the chairman, William Schlegel, Lansdale.

The camp will be held at University Boys' camp, Green Lane. Conference leaders are the Rev. Raymond Steinhart, Leighton, whose conference will be on "Personal Evangelism"; the Rev. Donald P. Floyd, Pottstown, "Bible Conference"; Arch McQuilkin, Wayne, "Christian Endeavor"; Mrs. George Ames, Ambler, "Conference Missionary."

Robert McQuilkin is song leader. The Rev. and Mrs. Richard Cattermole, Royersford, will be in charge of the junior conference, a new feature at the camp this year.

Theme of the camp is "Youth Holds the Key." The Rev. Lester K. Kriebel, Palm, is camp counselor.

Members of the committee from the local area who arranged the program include Dorothy Bauer, Linfield, and Jeanne Walters and Roger Cattermole, Royersford.

The NEW JOHN DEERE No. 227 CORN PICKER

Announcing The Two-Row Mounted Picker You've Been Waiting For...

The new No. 227 handles the heaviest yields... saves more corn... stays on the job.

Come in and see this great new corn saver that's entirely new from gatherers to wagon elevator.

The No. 227's tremendous capacity sets a new standard for handling today's heavy hybrid corn yields. With four rubber husking rolls per row, it has the husking ability to meet the worst picking conditions and come through with flying colors. The snapping rolls are adjustable from the tractor seat while on the go by means of handy levers, reducing plugging and shelling. Higher lift of the picker makes possible shorter turns at row ends. Mounting or dismounting is a simple, fast, easy one-man job with no heavy lifting required. Rugged strength and simple construction mean steady picking, shorter harvests, and lower upkeep costs.

You've got to see this new picker to fully appreciate how outstanding it is. Come in and look it over.

Gardening this Week

By CYNTHIA LOWRY

CHAPPAQUA, N. Y., Aug. 21. — So it's time to think about lawns again, feeding, repairing and starting new ones. Maybe there are some people who are grass-hobbiests and can't wait until it's time to start fooling around with fertilizer-spreaders, rakes and rollers.

But I'm not one of them. Lawn-maintenance is just hard, necessary, obtainable. But more than that, sary work as far as I'm concerned, investigate the sun-and-shade sit- and it's my aim to keep it to a minimum. As a consequence, I've never had anyone faint in admiration of my greensward, but I areas have proved a waste of time, haven't had people shake their head disapprovingly, either. My lawn is large, clipped, green and unobtrusive — which is as much as I want from it. But even holding the line at this point requires attention and muscle.

Grass seed responds well to cool weather, plentiful water and doesn't like competition from weeds, which are the reasons most of the experts advise fall seeding. Best results are obtained if the grass-raiser treats the whole project as if he were going about raising flowers. Grass flourishes in similar conditions of good soil, appreciates attention and loving care.

It requires four or more inches of topsoil to be really happy, and new-home owners who try to get away with about an inch are in for trouble and lots of weeds.

NEW LAWNS should be worked over for several weeks before the seed is sown. Dug, fertilized, pre-aked to destroy weed seedlings, leveled — these are the tiresome preliminaries. Where the area is large, a small tractor is worth the hiring price.

The type of seed used is highly important: always the best quality

Young Vegetables Give Top Quality

Sow 7-foot row of radishes every week and eat them young and crisp.

Amateur gardeners alone can enjoy the luxury of young vegetables. They cannot be found in the markets because buyers prefer big ones, and the young vegetables do not keep well.

By picking vegetables as soon as they are large enough to serve, which may mean when half grown, the amateur prolongs the harvest, and learns about delicious flavor which cannot be preserved.

Until it reaches full maturity the best place for any vegetable is growing in the garden rather than frozen, or in a refrigerator. But those that grow fast, especially, should be harvested before full maturity, because after that point they begin to deteriorate. Timing is the secret of enjoying quality from your own garden.

Pick radishes before they turn pithy. Carrots as large as your little finger make a dish long remembered. Beets just forming, cooked with their leaves, are delicious. If you pick snap beans before seed have begun to show

DAIRY TOUR Agricultural Department Asserts SET WEDNESDAY

College Extension Group To Sponsor Trip to Area Farms

The annual dairy tour sponsored by the Montgomery County Agricultural Extension association will be held Wednesday, as announced by R. G. Walz, county agent, and his committee.

The farmers will leave from the Hatfield Fair grounds at 9 o'clock and visit herds in Bucks county. The first herd will be that of Hays Gamble consisting of 18 Holstein cows with a herd production last year of 14,000 pounds of milk and 500 pounds of fat. On this farm the visitors will observe hay drier and permanent and triple purpose pastures.

The second stop will be that of Frank H. Goodyear of Danboro. This herd of 35 Holsteins had an average last year of 12,990 pounds of milk and 450 pounds of butterfat. A quonset building is designed for calf pens. Permanent pastures supply grazing for their herds.

A basket lunch picnic during the noon hour at Forrest park, Chalfont. Light refreshments can be purchased on the grounds.

The first stop after dinner will be at the American Chemical Paint company farm near Ambler where experiments are conducted pertaining to weed killers, soil conditioners and hormones to promote plant growth.

The final stop will be at Silver Lake farm, Center Square. This herd contains 33 head of Guernsey cows and have been pastured on 27 acres since early Spring. Part of the pastures are rationed morning and evening with an electric fence that allows the cattle to graze new growth.

Other features on this farm are a corn crib remodeled for small grain storage and an old barn remodeled to comfort stalls, gutter cleaner and shed for young stock. A recently constructed quonset building is used to dry hay on wagons. At this farm the dairymen will have an opportunity to observe a hybrid corn test plot conducted by the county extension service consisting of 40 hybrids.

The committee on arrangements is David Wood, Red Hill; Wilson Kratz, Morwood; Elmer Renninger, Roversford; Charles Wismer, Trappe.

Q. What's an easy way to control poultry lice?

The best way I know is, use Dr. Salsbury's Vapo-Roost. All you have to do is spread it on the perches and see that all birds go to roost. Vapo-Roost doesn't stain the feathers or taint flesh or eggs, because it contains benzene hexachloride. Use Vapo-Roost regularly to delouse your flock — it pays! Ask for Vapo-Roost this week.

USWA Defeats Souderton

LAST-MINUTE HOMER DECIDES 9-8 GAME

It was just like the last chapter of a Frank Merriwell at Yale story, last night, except that it was Paul Rhoads at Memorial field. Rhoads broke a tie in the last inning, hammering out a game-winning homer to give USWA 2326 a 9-8 win over Souderton in the second game of the District 9 playoffs.

Although USWA holds the Lehigh Valley State title, it had an uphill fight to tie the best-of-three series, having lost the first game of the playoffs, 7-3, on Wednesday.

Souderton broke the ice in the first inning when Pete Tyson reached safely on an error, and Kenny Bergey flied to left to bring Tyson home. For USWA, Jack Kelley came in on Dick Hurter's safety to centerfield to even the game up.

In the second inning, Lin Simprini, Souderton shortstop, took a left, Joe Bilger singled to left, and the runners ended up at second and third with none away. Then Tyson hit a slow bouncer to Hurter, who booted it, and Simprini and Bilger scored.

Then the titlists could muster only one run in the second when Dick Groff singled and Lin Bitner doubled to bring him in.

THE WORKERS stayed on the short end of the 3-2 count until the fourth, when they came across with three runs. Groff was safe on an error, Bitner singled to left, and Kelley came through with a circuit clout to deep center, clearing the bags.

It looked as though the Workers

Ringling Hill Ties Gabelsville, 4-4, in Suburban Playoffs

That Suburban league playoff game between Ringling Hill and Gabelsville still isn't decided.

Last night's game went six innings, then was called because of darkness with the score knotted at 4-4.

Gabelsville started off with two runs in the first inning when Tom Specht tripled, then scored on an error. Nester was safe on Moyer's error and came in with the second run.

Ringling Hill got one run back in the bottom of the first when Nels Weidenbaugh singled, Teszner walked, and Saurman hit to bring Weidenbaugh in.

GABELSVILLE put one across in the second, and the Hillers moved into a one-run lead in the last of that inning, as Moyer homered. Frank Babel doubled, Charlie Moses and Durrell Blank singled, and Weidenbaugh got a two-bagger.

Gabelsville tied the game up with one run in the third, then both teams settled down to blank each other until the game was called in the sixth.

The two clubs will meet on Monday at Ringling Hill at 6 o'clock. The two teams have won one game in each of three playoff series, and Monday's game will decide which club will go up against Spring Mount for the Suburban league title.

FACE ALL STARS IN BENEFIT—The Shamrocks, Junior league champions who brought their record to 10-0 last night by beating USA 2177, 4-0, will face a league All-Star team in a benefit game at 6 p. m. tomorrow at Memorial Park.

Drivers Launch Attack on New Sanatoga Record

The All-Stars Stock Car Racing club, sporting the most imposing membership roster of its short history, will launch an attack on a brand new 30 lap track record to night at 8:30 o'clock, when it stages its weekly racing program at Sanatoga speedway.

The mark was hung up in last week's main event by Charlie Kelly in a rare surprise for the full house that filled into the Speedway. However, inside observers have predicted a short life for the standard if the Stars' tempo continues to increase at the track. The 30-lap mark has been set and re-set three times this year and the last holder was point leader Reds Lesher.

Some observers feel that Lesher may have the last word yet in the run for records. The Reading driver is acknowledged to own the swiftest car in competition, but recent heavy traffic has kept him out of the win circle. In his absence, Mose Moore, Monk Kellar and Kelly have taken over, and all are considered prime threats to all existing track marks at any distance.

So are Bob Levengood, Curt Sherman, Stan Fink, Tony Voltz and Rocky Ewing, all of whom are entered in tonight's program. If no records are broken to night, promoter George Marshall is ready to guarantee that several automobiles will be. As a bonus feature, the impresario is calling out six veteran destruction derby drivers to put their cars through the dismembering process in another installment of the car-wrecking event.

A new operating procedure is due in the derby tonight. Marshall promised, but said that it would remain a secret until post time for the donnybrook just before intermission.

The straight racing program will include eight events and more than 100 laps.

All-Star Teams To Play Benefits

Two All-Star teams, representing the Junior and Knee-Hi leagues, will play the leaders of their leagues in a duo of benefit games tomorrow.

The first place Elks, of the Knee-Hi league, will play the Knee-Hi All-Stars at 4 o'clock. The game will be played at Memorial park.

The second game, starting at 6 o'clock, will also be played at Memorial park, and will pit the league-leading Shamrocks, of the Junior league, against an All-Star team from that league.

The proceeds from both games, which are being sponsored by Carroll "Mush" Reicht, will be used to build bleachers at Memorial park No. 2.

Pete Van Dyke, Optimist fielder, originally scheduled to play with the Knee-Hi All Stars, will be unable to appear tomorrow. Jerry Pollock, also of the Optimists, will take Van Dyke's place.

Nice View

One of the favorite spots of horsemen at Delaware park is a flat-topped hill, about 20 feet high, that overlooks both the paddock and tree-shaded walking ring. Known as the "horsemen's mound," the hill provides an unobstructed view and every yard of a race can be seen from it. This was modeled after the hill overlooking the paddock at Aintree, England, and was constructed under the supervision of William Dupont, Jr., when he built the Stanton track 17 years ago.

Bob (Tex) Samuels, outfielder on the Brandeis University baseball squad, plans to become a rabbi when he finishes college.

Season's Record, 10-0 Shamrocks Shut Out USA2177, 4-0

The Shamrocks, Junior league titlists, made it ten in a row last night by shutting out USA 2177, 4-0. The game was played at Memorial park No. 2.

Bob Sandoe's fifth inning triple which scored two runs, was the big blow of the game, adding two insurance runs to the Shamrocks' first marker in the second.

In a sparkling defensive play, Catcher Al Gnoza picked off a USA batter heading for second base. With a runner on third base, the put-out retired.

Oldtimers, Linfield Battle to 7-7 Tie

The Oldtimers and Linfield battled to a 7-7 tie last night in an exhibition game which was called because of darkness. The game was played at Linfield.

Linfield knotted the game in a free-scoring seventh inning in which they tallied four runs. The Oldtimers had added two in their half of the seventh.

The Oldtimers' Harold Shaner was top man in the hit department, chalking up three. Bob Quinn and Paul Carl both connected for triples.

The teams will meet in another game next week.

Eagles Will Meet Bears at Hershey

HERSHEY, Aug. 21 (P) — The Philadelphia Eagles play host tomorrow night to the Chicago Bears in a pre-season National Football League contest at Hershey stadium.

It is the second game of the year for both eleven. The Eagles outscored the Baltimore Colts, 10-7, at Norfolk, Va., last Saturday, while the Bears were losing to the Pittsburgh Steelers, 29-10, in the Steel City.

The Bears have a commanding edge on their opponents in past performances. The Eagles have beaten Chicago only once in league action. That was a rain and mud contest in 1948 when the Philadelphia fans took the Bears 12-7 on their way to their first and only NFL title. Kickoff time is scheduled for 8:30 p. m., Pottstown time.

The contest is the only one to be played this year at Hershey, training site of the Eagles.

Murry Dickson established a major league record for home runs allowed by a pitcher in a season (39) in 1948. He was with the Cardinals then.

Jerry Barber Holds One-Stroke Lead

MONTREAL, Aug. 21 (P)—Jerry Barber of La Canada, Calif., clung to a one-stroke lead today in the second round of the \$25,000 golf open despite a course-equaling record by Tommy Bolt.

On top of his first round 64 record-breaker, Barber fired a 68 today. His 132 for 36 holes on the par 70 Summerlea course stood up all day.

The biggest sensation of the par-wrecking crew was Bolt of Maplewood, N.J., who equalled Barber's 64 of yesterday. However, he was still three strokes away with 135.

Jack Burke Jr., of Kiamasha Lake, N. Y., moved up a few notches with his four-under 66 and became sole occupant of second place behind Barber with 133.

Ridzik Gains Win

Giants Fall Before Phillies, 7-6

PHILADELPHIA, Aug. 21.—Then gave up a triple to Ashburn, ahead with two runs in the fourth and three in the fifth. That brought on Koslo. Torgeson greeted the lefthander with a single, scoring Ashburn. Del Ennis walked and then first baseman Whitey Lockman fumbled. Del Ennis walked and then first baseman Whitey Lockman fumbled. The Giants threatened in the ninth, leading the bases against Steve Ridzik with one out. But Jim Konstanty took over, got Hank Thompson to hit into a force play at the plate and retired Dusty Rhodes on a fly to Richie Ashburn.

Ridzik, relieving starter Bob Miller in the fifth, received credit for the win, his ninth against five losses.

Wilhelm came on in the seventh to replace starter Jim Hearn, who injured his left side. He walked Ted Kazanski to start the inning

Dickson Celebrates Birthday by Snapping Dodgers Win Streak

PITTSBURGH, Aug. 21.—Veteran righthander Murray Dickson of the Pittsburgh Pirates celebrated his 37th birthday tonight, snapping the Brooklyn Dodgers 15-game winning streak with a sparkling 7-1 victory on seven hits. Outfielder Frank Thomas drove in four Pirate runs with a double and a booming three-run homer.

Dickson struck out three and walked three in racking up his 9th victory of the year against 17 defeats. Johnny Podres, 20-year-old southpaw and the Dodgers' starter, absorbed his fourth defeat, lasting only two innings. The entire Buc bench greeted Dickson after his triumph.

Brooklyn's starter, Tom Seaver, pitched a 2-1 game, striking out three and walking one. He was hit by two batters and lost his first game since Aug. 15.

Silvera's Pinch Single Gives Yanks 5-4 Victory Over A's Kellner

NEW YORK, Aug. 21.—Charley Silvera's pinch single in the 10th inning tonight gave the New York Yankees a 5-4 victory over the Philadelphia Athletics. Steve Kraly, a 23-year-old lefty Philadelphia's Alex Kellner in making his first major league start, held a 2-2 lead with men on first and second and one out in the eighth when manager Casey Stengel replaced him with Johnny Sain who led in the tying run.

Silvera came through with his winning hit with two out following singles by Gid McDougald and Yogi Berra.

Haddix Blanks Cincinnati, 4-0, As Cards Win

ST. LOUIS, Aug. 21.—Lefty Harvey Haddix blanked the Cincinnati Redlegs on four hits tonight to lead the St. Louis Cardinals to a 4-0 victory for his 15th win of the year. Steve Biko's homer of the season and a 2-run double by Red Schoendienst drove in three of the Redbirds' runs.

Cincinnati's starter, Tom Seaver, pitched a 2-1 game, striking out three and walking one. He was hit by two batters and lost his first game since Aug. 15.

Browns Beaten Twice

Rosen Hits 3 for Indian Victories

CLEVELAND, Aug. 21.—Al Rosen hit three home runs tonight he gave no bases on balls. Rosen's for the Cleveland Indians who won 1st-inning homer gave Feller a 2-0 a two-night doubleheader from the lead and Al's 7th-inning round-St. Louis Browns. The third base-tripper with two aboard sealed man clouted two in the first game, the verdict.

The third Rosen homer of the night put the tribe ahead 2-1 in the fourth round of the nightcap, but Dick Koks tied the score with a homer in the sixth off Hoskins who allowed only five other hits.

Rosen drove seven runs across with the three wallops—five in the opener and two in the second game. He now leads the league in homers, and his runs-batted-in mark of 112 also is tops.

The second game was a pitching duel between 39-year-old Harry Breechen of the Browns and Indian rookie Dave Hoskins. Glynn's double down the left field line, with two out, scored Bob Avila from first. Avila had reached first on an error by third baseman Vern Stephens. Bob Feller pitched an 8-hit victory in the opener, serving home runs to Vic Wertz and Dick Kryhoski. It was Feller's seventh.

Williams Homers, Has 3 Singles, As Boston Wins

WASHINGTON, Aug. 21.—Ted Williams blasted a three-run homer and three singles off Spec Shea to dominate Boston's 7-3 victory over Washington tonight in the second game of a two-night doubleheader after the Senators won the first game, 9-1.

Williams' homer came in the 4th inning, off Shea's first pitch. He also singled in the 1st, 2nd and 3rd innings. The Senators' starter, Spec Shea, pitched a 6-hit game, striking out three and walking one. He was hit by two batters and lost his first game since Aug. 15.

Rookie Fornieles Twirls 5-Hitter To Beat Detroit

CHICAGO, Aug. 21.—The Chicago White Sox beat the Detroit Tigers 4-1 tonight as Rookie Mike Fornieles, turning in a 5-hitter, bested aging Ralph Branca, one-time kingpin of the National League.

The 21-year-old Fornieles permitted only one damaging blow—Harvey Kuenn's third-inning double that scored Don Lund. Lund had walked and reached second on a sacrifice.

The other Tiger hits were parceled out in harmless fashion, never more than one in an inning.

The Sox tied the score in the half of the third on a walk, a sacrifice and Chico Carrasquel's single and went ahead with another single run in the fifth, when Bob Elliott singled, stole second and came home on Carrasquel's double.

Averages Go Up

NEW YORK, Aug. 21.—When he was sent to Chicago. For the a Major league player is traded White Sox he has won 11 and lost to another club during the season, two does the change of uniform prove beneficial?

Records compiled by the Associated Press through Thursday's games seem to indicate there is a vast improvement in a player's performance when he joins a new club.

In the American league in fielder Ray Boone of the Detroit Tigers and pitcher Virgil Trucks of the Chicago White Sox have shown the biggest improvements.

With Cleveland, Boone had a .241 average, but since being traded to Detroit he has hit .306 and .211 with New York and Car-Trucks had a .34 won-lost record and .244 with Philadelphia.

Veteran infielders Vern Stephens and Bob Elliott have increased their averages after swapping uniforms. Stephens batted .186 with Chicago, but now is hitting .273 with St. Louis.

Other American league players who have played with two clubs and have profited by the switch in uniforms include Joe Ginsberg (.302 with Detroit and .313 with Cleveland), Owen Friend (.177 with Detroit and .213 with Cleveland), Keith Thomas (.122 with Philadelphia and .302 with Washington), Willie Miranda (.167 with St. Louis and .211 with New York) and Car-Trucks had a .34 won-lost record and .244 with Philadelphia.

Native Dancer Rated As 2-5 Favorite

CHICAGO, Aug. 21.—Native Dancer, a prohibitive 2-5 favorite, tomorrow will try for his 18th victory in 19 starts against nine other 3-year-olds in the \$114,600 American Derby at Washington park.

It will be the largest field A. G. Vanderbilt's big gray has faced since his surprise loss to Dark Star in the Kentucky Derby.

If all 10 go to the post, the winner's slice will be \$68,300, an amount that would boost the Dancer's money-winning total to \$745,920. This would leave him ranking fourth among the all-time cash kings headed by Citation with \$1,085,740. Styrim is second with \$918,485 and Armed third with \$817,475.

The bait that has helped boost the field as a second prize of \$25,000, third of \$12,500 and fourth of \$7500.

Although such great thoroughbreds as Citation, Whirlaway, Alab and Cavalcade have won the American Derby during its 41-year history, it is doubtful the race ever had a favorite so thoroughly exploited as Native Dancer.

THE DRAMATIC setting is all there: the Polynesian gray's brilliant winning record; the fact that he will have a new jockey, Eddie Arcaro; that he will be packing the top weight of his career, 129 pounds, and giving up from 8 to 14 pounds in his rivals; and that he will be running the 1 1/8 mile distance for only the second time, having stepped it in 1:50 3/5 in an easy Wood Memorial victory April 25.

Second choice in early wagering is Harry N. Eads' Sir Mango at 6-1. Sir Mango finished second to Native Dancer, nine lengths behind, in the Arlington classic last month.

Tourney Opens, Cards to Play

MEADVILLE, Aug. 21.—Defending champion Allentown, crushed Erie, 13-1 tonight as play opened in the Central Atlantic Regional Girls' Softball tourney.

It was the only game scheduled for the first day. Nine games will be played tomorrow and four—including the final—on Sunday.

Eight teams are entered in the double elimination tournament, which means two losses eliminate a team. In addition to Erie and Allentown they are:

Pottstown; Philadelphia; Washington, D. C.; Baltimore; Richmond, Va.; and Wilmington, Del.

The winner will compete in the amateur softball association's world tourney for girls at Toronto Sept. 7-12.

Mathews Sets Record As Braves Win, 5-4

MILWAUKEE, Aug. 21.—Eddie Mathews drilled his 39th home run, setting a new club record, as the Milwaukee Braves shaded Chicago 5-4, tonight for their sixth straight victory before 37,243 fans, a new season high for Century Stadium.

U.S. ROYAL MASTER You're safer because of life-saving differences! A MEASURED LIFE-SAVING DIFFERENCE! Direct from a California proving-ground comes this dramatic action-photo. These two speeding cars applied their brakes on oil-slick track at the same instant. Car at left (on U. S. Royal Masters) stops promptly in straightline safety. But car at right (on regular tires) slides three car-lengths further—out of control!

DAY AFTER DAY, YEAR AFTER YEAR, the great U. S. Royal Master holds its undisputed position as top tire of its time. WHY IS THIS? WHAT CAUSED IT? The answers are plain. The U. S. Royal Master is America's super-tire, of recognized extra mileage, with positive life-saving differences throughout its construction, and in all of its performance. IN SKID PROTECTION AND STOPPING POWER, the U. S. Royal Master has its own unique tread treatment, continuously renewable, holding peak safety to the last mile of its long life.

The protection that's always with you! • The Only ROYALTEX TREAD AND TRACTION —skid protection and stopping power beyond all previous standards! • The Only RENEWABLE SAFETY TREAD —offering you up to twice as many safe miles—without retreading! • The Only EVERLASTING WHITEWALLS —preserving their trim beauty from cleaning nuisance and expense! • The Only CURB GUARD* PROTECTIVE RIB —preventing sidewall scuffing, abrasion and damage! *Trademark of UNITED STATES RUBBER COMPANY TODAY, FOR A LIMITED TIME, your U. S. Royal Dealer is featuring a special PRICE REDUCTION SALE AND REMEMBER—your local car dealer will install U. S. Royal Masters on your new car!
